DIGITAL GIVING INTEGRATION

Generosity by LifeWay

Multiple options available for linking to your current online giving provider

Finally, there is a church management software program that allows you to manage anything and everything related to your church members, prospects, contributions, groups, and attendance – all with ease and simplicity. Features also cover outreach-tracking and follow-up, child check-in, calendar with facility management, and more. There are no limits or add-on cost, and it is fully Cloud-based – and unmatched in price and value!

"Nothing to install on your computers ~Plus initial set-up and conversion assistance is included" .
